

Fourth year for Medicare Advantage HMO plans to earn 5 stars

Group Health Cooperative Medicare Advantage HMO plans have received a 5-Star Rating for 2015 from the Centers for Medicare & Medicaid Services (CMS). Only 13 Medicare Advantage plans nationwide achieved this distinction, and only 6 have done so for 4 years running.* Earning 5 stars opens up our plans for year-round enrollment and makes Group Health an attractive choice for those who want to change their coverage outside the annual election period.

Level of service underscores quality care

These designations speak to the high quality of care provided to Medicare beneficiaries. Our members also enjoy:

- Guaranteed access to doctors who accept Medicare patients, which is a cause of concern for some beneficiaries seeking care.
- The benefit of our more than 35 continuous years as a Medicare Advantage plan provider. Beneficiaries don't have to continually jump from doctor to doctor. In fact, the year-end 2013 Group Health Cooperative membership report showed that 93 percent of Group Health Medicare Advantage members chose to re-enroll in our plans.
- An emphasis on preventive care, which serves to treat small problems before they become big ones. Well visits and routine screenings for cancer and chronic diseases are offered at no additional out-of-pocket cost.

- Local, reliable customer service representatives, who are trained to answer the unique questions of Medicare beneficiaries in this area.
