Skip your paper Medicare renewal packet this year.

If you've already opted in to receive your Medicare renewal information online, thank you. It's an easy way to avoid getting a bulky packet of material in the mail year after year.

If you haven't opted in yet, here's what to do:

1. Go to **ghc.org**, log in, then click on "Communication Preferences" in the upper left corner.
2. Check the boxes under "Annual Renewal Documents."
3. Click "Submit."

If you're new to MyGroupHealth, go to ghc.org, click on "register now," follow the simple steps, then continue with the opt-in process.

Once you've opted in to getting your renewal documents online, we'll let you know via e-mail when the materials are available and ready to be reviewed. No more renewal mailings year after year.
