The horses, jockeys, and stables may be long gone, but we're betting on a strong future for Group Health at the old Longacres site.

We invite you to join key Group Health executives, and community and state leaders, as we celebrate groundbreaking for the new home of our administrative, lab, pharmacy fulfillment, and warehouse operations. Our new facility is scheduled for completion in early 2017.

The ceremony will be held at the intersection of S.W. 27th St. and Naches Ave. S.W., near the Sounder commuter rail station in Renton.
