Group Health Physicians

Please join us

There's solid evidence that appropriately managing high blood pressure, high cholesterol, and diabetes saves lives and lowers costs—yet we often fall short of treating these conditions as consistently and effectively as we should.

Join Group Health, Franciscan Health System, and MultiCare providers to discuss ways we can work together as a community to improve clinical outcomes and better manage costs for patients in our region who have hypertension, hyperlipidemia, and type 2 diabetes.

AGENDA

6:00 p.m.	Registration, dinner, and networking
6:45–6:55 p.m.	Introductions, Jim Leonard, MHA Moderator, Marc Mora, MD
6:55–7:20 p.m.	Best Practices in Hypertension and Hyperlipidemia, David K. McCulloch, MD, FRCP
7:20–7:45 p.m.	Stemming the Tide: Prevention of Type 2 Diabetes, K. David McCowen, MD
7:45–8:10 p.m.	Using the EMR to Drive Improved Patient Outcomes, Eric Herman, MD
8:10–8:30 p.m.	Questions and Answers
8:30 p.m.	Adjournment

ACCREDITATION AND DISCLOSURE

Group Health Cooperative is accredited by the Washington State Medical Association CME Accreditation Committee to sponsor continuing medical education for physicians.

Group Health Cooperative designates this educational activity for a maximum of 1.75 hours in Category 1 to satisfy the re-licensure requirements of the Washington State Medical Quality Assurance Commission.

Group Health Cooperative designates this live activity for a maximum of 1.75 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Group Health Cooperative requires that faculty participating in a Group Health CME activity disclose to the audience any relationship with a commercial interest that might pose a potential, apparent, or real conflict of interest with regard to that faculty member's contribution to the program.

WHO SHOULD ATTEND

Leaders in health care, health care providers, and community and county leaders who are interested in innovative ways to collaborate on improving clinical outcomes and managing costs for patients with hypertension, hyperlipidemia, and type 2 diabetes.
